

Consultancy

T +31 (0) 342 406 449

E milieu@vink.nl

Vink Milieutechnisch Adviesbureau b.v. is a reliable and professional partner for all environmental affairs. We solve a wide range of soil issues and handle all environmental and spatial planning-related matters.

Waste processing

T +31 (0) 342 406 413

E afval@vink.nl

Its waste processing unit with a capacity of 5.2 million m³ makes Vink one of the largest private waste companies in the Netherlands, with operations in the fields of collection, transfer, separation and recycling.

Concrete

T +31 (0) 342 406 417

E beton@vink.nl

Vink Beton b.v. has its own concrete mortar plant. This enables us to quickly and easily meet any wishes in the field of concrete. We effectively respond to any market demand. We also produce Viblock, suitable for setting up (partition) walls.

Electrical engineering

T +31 (0) 342 406 446

E elektro@vink.nl

Vink has the disposal of an electrical contractors firm which is fully equipped to accept any challenge today's advanced technologies may bring. Our firm is fully recognised and certified.

Soil bank

T +31 (0) 342 406 413

E grondbank@vink.nl

The Vink soil bank acts as an intermediary between suppliers and buyers of soil and has depots at its disposal for soil storage until it is transferred. Vink specialises in soil surveys and testing, which of course includes onsite operations.

Infrastructural and civil engineering

T +31 (0) 342 406 406

E civiel@vink.nl

Vink is a contracting company in the widest sense of the word. It specialises in the preparation and completion of the most diverse projects in construction, project development, demolition and Design & Construct.

Natural stone

T +31 (0) 342 401 888

E natuursteen@vink.nl

Vink Natuursteen complements all your plans with beautiful, timeless and natural materials, whether this be granite, bluestone or basalt. Vink will gladly advise you on the innumerable applications. We import from various sites across the globe.

Recycling

T +31 (0) 342 406 413

E recycling@vink.nl

The Vink corporate culture has always had a passion for recycling. Hence it is not surprising to see that Vink ranks among the national top of companies engaged in the recycling businesses. High-quality recycling of artificial grass into new raw materials is now also possible.

Tank systems

T +31 (0) 342 406 446

E installatie@vink.nl

Vink has all the knowhow and expertise for the complete installation of aboveground and underground tank systems for e.g. fuel and chemical substances. The full remediation is carried out by staff and machinery of Vink, including the installation of the new system, liquid-proof paving and the realisation of a new building.

Transport

T +31 (0) 342 406 406

E transport@vink.nl

Where transport is concerned, Vink offers an A to Z full-service package. Our highly extensive and modern fleet literally means that we can do any transport job. Goods, materials and special transports are all carried out by highly competent staff.
